

Simplify patient documentation and authorizations using an easy-to-use digital platform.

nH Access is a web-based product that can assist you:

- Submit patient authorization requests, discharge summaries and therapy service logs
- Expedite the determination for authorizations — submit and view patient's eligibility for “Rapid Review”
- Access and upload required patient documentation in real-time and receive patient status updates via email notifications
- Communicate directly with naviHealth clinicians

Enrollment is easy!

Click the link below to download the enrollment form. Once completed, please email the form to our team at addUsers_nHAccess@navihealth.com. After your enrollment is processed, each end-user will receive an email with activation steps.*
